Plastics and Rubber Processing and Applications **12** (1989) 245–246

CONTENTS OF VOLUME 12

Number 1

Effect of plasticizer concentration on the dynamic mechanical properties of bromobutyl rubber vulcanizates. Part II. Strain amplitude effects 1
NABA K. DUTTA, D. KHASTGIR & D. K. TRIPATHY (India)
Modelling and simulation of the process of reactive injection moulding in the case of a composite with low enthalpy 7
A. EL BROUZI, R. GRANGER, J. BOUZON & J. M. VERGNAUD (France)
The effect of rheometer design on the measurement of the flow properties of polymer melts 15
A. K. WOOD, A. G. READ & J. G. A. LOVEGROVE (UK)
The steady flow of a rubber compound in square and rectangular dies . . . 21
A. P. KAKOURIS & P. K. FREAKLEY (UK)
The flexural rigidity of diagonally-braced open channels 33
P. DUMPLETON & M. W. DARLINGTON (UK)
Processing, property and morphology of an injection moulded liquid crystal thermoplastic polymer 39
H. THAPAR & M. J. BEVIS (UK)
Mechanical and flow properties of recycled filled polystyrene 53
HO YIN (HENRY) TANG & CHARLES E. CHAFFEY (Canada)
Skin–core morphology and humidity effects on the fatigue crack propagation of PA-6.6 63
J. KARGER-KOCSIS & K. FRIEDRICH (FRG)
Forthcoming meetings 69

Number 2

Modelling of the cure of fibre glass–epoxy resin composite heated by liquid oil at constant temperature. Effect of parameters on the process 71
A. EL BROUZI, J. BOUZON & J. M. VERGNAUD (France)
Polymeric, non-migratory cure co-activators for accelerated-sulfur vulcanization . 81
A. Y. CORAN & L. H. DAVIS (USA)
Dithiophosphate acceleration for natural rubber 89
BYRON H. TO, LEONARD H. DAVIS, ROGER W. FAULKNER & WILLIAM W. PARIS (USA)
The fatigue mechanisms in and the durability of solvent welded pipeline systems . 105
C. Y. YUE (Hong Kong) & B. W. CHERRY (Australia)
Structure/property relationships in highly crosslinked polyurethanes: Part I. Synthesis, characterization and tensile behaviour 113
XIAO HU & ROBERT J. YOUNG (UK)
Structure/property relationships in highly crosslinked polyurethanes: Part II. Crack propagation and blunting 119
XIAO HU & ROBERT J. YOUNG (UK)
Forthcoming meetings 127

Number 3

A controlled release urea fertiliser. Part 1: the encapsulation of urea fertiliser by rubber: processing and vulcanisation procedures 129
CLAUDE HEPBURN (UK) & RIDHA ARIZAL (Indonesia)

Plastics and Rubber Processing and Applications (**12**) (1989) © 1990 The Plastics and Rubber Institute, England.
Printed in Great Britain

A controlled release urea fertiliser. Part 2: preparation of the rubber–urea matrix and the split-feeding mixing technique 135
CLAUDE HEPBURN (UK) & RIDHA ARIZAL (Indonesia)
A controlled release urea fertiliser. Part 3: soil leaching and growth trials . . 141
CLAUDE HEPBURN, SCOTT YOUNG (UK) & RIDHA ARIZAL (Indonesia)
Analysis of rubber–filler interaction at high temperature by using strain amplification factor 147
CHANCHAL NEOGI, SAKTI P. BASU & ANIL K. BHOWMICK (India)
Influence of pale crepe manufacture upon properties 153
M. C. S. PERERA, T. A. S. SIRIWARDENE &
H. K. D. C. S. JAYAWARDENE (Sri Lanka)
Effect of filler species on the long term properties of polypropylene compounds: Part 1. Residual stress changes during constant temperature conditioning 159
S. M. CROSBY & J. R. WHITE (UK)
Effect of filler species on the long term properties of polypropylene compounds: Part 2. Weathering in an extreme hot climate 171
M. M. QAYYUM & J. R. WHITE (UK)
Book Review 179
Forthcoming meetings 181

Number 4

Surface modification of polypyromellitimide for laminated plastics processing . 183
A. N. KRASOWSKY, V. G. BARANOV, E. S. EDILYAN &
L. G. SHALTYKO (USSR)
Understanding the factors controlling the pultrusion process 191
A. G. GIBSON, C. Y. LO, D. W. LAMB & J. A. QUINN (UK)
Damage development and its significance in GRP subjected to impact . . . 199
L. BABIC, C. DUNN & P. J. HOGG (UK)
Studies on cure state by programmed temperature press 209
WANG MENG-JIAO & CHEN DING-XI (People's Republic of China)
Thermoplastic composite manufacturing technology for a flight standard tailplane . 215
G. R. GRIFFITHS, W. D. HILLIER & J. A. S. WHITING (UK)
Materials behaviour in resin transfer moulding (RTM) for volume manufacture . 221
M. J. OWEN, V. MIDDLETON, C. D. RUDD, F. N. SCOTT,
K. F. HUTCHEON & I. D. REVILL (UK)
A study of the transfer of carbon black between the phases of polyisoprene–polybutadiene blends by differential scanning calorimetry and electron microscopy . 227
P. M. FOUCHE & W. J. McGILL (Republic of South Africa)
Study of stabilisation of hydroxyl terminated polybutadiene by differential scanning calorimetry and viscosity measurements 235
H. BERG, B. STENBERG & R. SANDÉN (Sweden)
Book Review 241
Forthcoming meetings 243
